Subjects

Abscess, peritonsillar, 82
  retropharyngeal (abstract), 183
Acoustic emissions, hearing loss and, 73
Acquired immunodeficiency syndrome (abstract), 398
Aging, temporal bone abnormalities associated with, 381
  voice changes with, 85
Airway maintenance, closed head injuries and, 91
  closed-tracheal suction system (abstract), 397
  complications of, 91
  prosthetic airway splinting for (abstract), 250
  tracheal cuff pressure during (abstract), 250
  vascular anomaly-induced obstruction and (abstract), 397
Allergic rhinitis, allergen screening for (abstract), 396
  astemizole therapy for, 157
  beta-2-adrenostimulant therapy for (abstract), 250
Alzheimer's disease, olfactory sensitivity and, 205
Ameloblastoma, childhood (abstract), 64
Anesthesia, auditory middle latency response with, 241
  (book review), 187
Animal models
  for auditory middle latency response studies, 241
  for bulla and eustachian tube anatomy studies, 127
  for cochlear blood flow studies, 16
  for dysplastic bony lesion studies, 325, 342
  for effusion-induced otitis media studies, 23
  for electrodiagnostic testing of facial nerve function, 199
  for laryngeal muscle studies, 85
  for motion sickness studies, 7, 144
  for olfactory bulb neuronal activity studies, 205, 214
  for otosclerosis studies, 325, 332
  for temporal bone abnormalities studies, 381
  for viral infection-induced hearing loss studies, 161
  for x-ray irradiation-induced otitis media studies, 223
Astemizole therapy, 157
Asthma (abstract), 396
Auditory middle latency response, anesthesia and, 241
Autoimmunity, otosclerosis and, 317

Blood flow, cochlear, hemodilution effect on, 16
Blowout fracture (abstract), 249
Bone remodeling, osteoblast/osteoclast in, 258
  otosclerosis and, 332
Brainstem auditory-evoked response, middle ear viral infection and, 161
Bronchoscopy (abstract), 397, 398
Buccal mucosa cancer, chemotherapy for (abstract), 66
Bulimia nervosa, 376
Burns, ear, chondritis as complication of (abstract), 64
n-Butane, odor perception of, 1

Carcinoma, ear (abstract), 186
  facial (book review), 400
  laryngeal, 97
  malignant melanoma. See *Malignant melanoma.*
  nasal (abstract), 124
  nausea and vomiting associated with (abstract), 126
  neuroendocrine, 97
  oral. See *Oral cancer.*
  paranasal sinus (abstract), 67, 124, 250
  thyroid gland (abstract), 124, 351
Carotid endarterectomy (abstract), 250
Chasin WD, *Clinical Otology and Audiology* (book review), 186
Chemotherapy, buccal mucosa carcinoma (abstract), 66
  head and neck carcinoma (abstract), 249
Chin implants, mandibular resorption from (abstract), 67
Chloral hydrate, auditory middle latency response with, 241
Cholesteatoma, antimicrobial therapy for, 109
  childhood, 364
  microbiology of, 109
  pathogenesis of, 109
  recurrent, 364
  sensorineural hearing loss from, 13
Chondritis, burned ears and (abstract), 64
Cochlea, blood flow of, hemodilution effect on, 16
  bone abnormalities of, 381
  ethacrynic acid effects on, 48
Collagen, otosclerosis and, 308, 317
Common cold, nasal symptoms of, steam inhalation effects on, 149
Conductive hearing loss, otosclerosis and, 273
  polyarteritis nodosa and, 105
  tuberculous otitis and, 356
  upper respiratory infection-induced, 161
Curare, auditory middle latency response with, 241
Cylindromas (abstract), 183

Deafness. See *Hearing loss and deafness.*
Dog-bite wounds (abstract), 65

Ears, burns of, chondritis as complication of (abstract), 64
  carcinoma of (abstract), 186
  diagnostic imaging of (book review), 399
  inner, See *Inner ear.*
  middle. See *Middle ear.*
  reimplantation/reattachment of (abstract), 65, 251
  surgery of (abstract), 65, 251
    (book review), 399
Endotracheal intubation, complications of, 91
Epiglottitis, acute (abstract), 185
Ethacrynic acid, ototoxicity of, 48
Eustachian tube, anatomy of, 127
  computer graphics of, 211
  otitis media with effusion and dysfunction of, 154, 361
Eyelids, benign lesions of, surgical excision of (abstract), 64

Facial cancer (book review), 400
Facial fractures (abstract), 396
Facial nerve, antidromic nerve action potentials of, 199
  electrodiagnostic tests of, 199
  schwannoma of (abstract), 185
Facial pain, sphenopalatine ganglioneurectomy for, 171
Foreign bodies, laryngotracheal vs bronchial (abstract), 249
Fragile X syndrome (abstract), 183

Glottic stenosis, 91

Head and neck surgery, complications of (book review), 69, 71
temporal bone anatomy and, 69
Head and neck tumors, chemotherapy for (abstract), 249
lymphocytic lymphoma and (abstract), 184
pathological findings in resected margins of (abstract), 396
radiation therapy for (abstract), 249
radical neck dissections of (abstract), 396
Head injury, airway maintenance with, 91
Hearing loss and deafness, ethacrynic acid-induced, 48
Meniere's disease and, 187
otoacoustic emissions with, 73
otosclerosis and, 273, 296
polyarteritis nodosa and, 105
temporal bone abnormalities and, 381
upper respiratory infection and, 161
vascular injury to cochlea and, 16
viral infection-induced, 161
Heart rate and motion sickness, 144
Hengerer AS, *Clinical Pediatric Otolaryngology* (book review), 254
The Color Atlas of Mouth, Throat, and Ear Disorders in Children (book review), 251
Histologic examination, of bulla and eustachian tube, 127
of cochlear bone abnormalities, 381
of dysplastic bony lesions of middle ear, 325, 342
of ethacrynic acid effects on inner ear, 48
of laryngeal carcinoma, 97
of lipid A effusion-induced otitis media, 23
of nodular fasciitis, 179
of otosclerosis, 273, 282
of polyarteritis nodosa associated vasculitis, 105
of thyroid gland carcinoma, 351
of x-ray irradiation-induced otitis media, 223

Infants and children, ameloblastoma of (abstract), 64
chin implants for, mandibular resorption from (abstract), 67
cholesteatoma of, 364
laryngotracheal foreign bodies in (abstract), 249
mastoiditis of, acute pseudomonas, 175
Meniere's disease in, 187
retropharyngeal abscess of (abstract), 183
schwannoma of facial nerve of (abstract), 186
sound localization response of (abstract), 123
subglottic stenosis of (abstract), 63
thyroid carcinoma of (abstract), 124
tracheobronchomalacia of (abstract), 125
Inner ear, ethacrynic acid effects on, 48
hyaluronate production by, otosclerosis and, 265
